

Y11 Geography Revision

Tuesday Lunchtimes

Room 10

Date	Topic
2/10	Effects/responses - earthquakes
9/10	Living with tectonic hazards and reducing their risk
16/10	Global atmospheric circulation and tropical storms
30/10	Typhoon Haiyan
13/11	UK weather hazards
20/11	Somerset Levels floods
27/11	Evidence for and causes of climate change
4/12	Managing climate change
11/12	Ecosystems local to global
8/1	Rainforest characteristics
15/1	Causes of deforestation
22/1	Effects of deforestation
29/1	Managing tropical forests
5/2	Hot desert characteristics
12/2	Opportunities and challenges of hot deserts
26/2	Desertification - causes and management
5/3	Waves, weathering, mass movement
12/3	Marine processes - erosion, transportation, deposition
19/3	Coastal landforms
26/3	Managing coasts - hard/soft engineering
2/4	Managed retreat and coastal management case study
23/4	Long profile of rivers and processes
30/4	River landforms
7/5	Flood risk factors
14/5	Flood management
21/5	PHYSICAL GEOGRAPHY EXAM!
